Subject: Re: Enclosed Fence

Andrea,

I just spoke to Janet on the phone. I think she will let me know soon if there is any issue with that fence. The fence was there we just put the one side up. I didn't think we need approval for that but if we were installing everything. Also I've dealt with a many HOA companies before and you are by far the best experience. Your company is on top if every request we send. I would like to personally thank you for all the great work.

Thanks,

Good Afternoon,

We are aware that you enclosed the back fence of [REDACTED] Did you get an approval from the Board to do the work. Our records show you did not submit an ARC application. This is a violation for the Rules and Regulations of the Towns of Potomac Hills

Thank you
